

JOHN SMITH

Software Engineer

## CONTACT INFORMATION

Email: john.smith@email.com

Phone: (555) 123-4567

Location: New York, NY

## PROFESSIONAL SUMMARY

Experienced software engineer with 5+ years of experience in full-stack development.

Proficient in multiple programming languages including C#, JavaScript, Python, and Java.

Strong background in web development using .NET Core, React, and Node.js.

Experience with cloud platforms including AWS and Azure.

Strong problem-solving skills and ability to work in fast-paced environments.

## TECHNICAL SKILLS

Programming Languages: C#, JavaScript, Python, Java, TypeScript

Web Technologies: HTML5, CSS3, React, Angular, Vue.js

Backend Technologies: .NET Core, Node.js, Express.js, ASP.NET

Databases: SQL Server, MySQL, PostgreSQL, MongoDB

Cloud Platforms: AWS, Azure, Google Cloud Platform

Tools & Frameworks: Git, Docker, Kubernetes, Jenkins

## WORK EXPERIENCE

Senior Software Engineer | Tech Solutions Inc. | 2021 - Present

- Developed and maintained web applications using .NET Core and React
- Led a team of 3 junior developers on multiple projects
- Implemented microservices architecture using Docker and Kubernetes
- Improved application performance by 40% through code optimization
- Collaborated with cross-functional teams to deliver high-quality software solutions

Software Engineer | Digital Innovations LLC | 2019 - 2021

- Built responsive web applications using C# and JavaScript
- Integrated third-party APIs and payment systems
- Participated in code reviews and maintained coding standards
- Worked with SQL databases to optimize query performance
- Contributed to agile development processes and sprint planning

Junior Software Developer | StartupCo | 2018 - 2019

- Developed features for web applications using HTML, CSS, and JavaScript
- Assisted in database design and optimization
- Fixed bugs and performed testing on various applications
- Learned modern development practices and frameworks

## EDUCATION

Bachelor of Science in Computer Science

University of Technology | 2014 - 2018

## CERTIFICATIONS

- Microsoft Certified: Azure Developer Associate
- AWS Certified Developer - Associate

- Certified ScrumMaster (CSM)

## PROJECTS

### E-commerce Platform

- Built a full-stack e-commerce platform using .NET Core and React
- Implemented payment processing, user authentication, and inventory management
- Deployed on AWS with CI/CD pipeline using Jenkins

### Task Management System

- Developed a collaborative task management tool using Node.js and MongoDB
- Real-time updates using WebSocket technology
- Mobile-responsive design with React Native

### Data Analytics Dashboard

- Created interactive dashboards using Python and D3.js
- Processed large datasets and provided business insights
- Integrated with various data sources and APIs
